

# THE WEDNESDAY NIGHT POST

January 5, 2009

Greeting,  
Hoping that you had a Merry Christmas and a Happy New Year; we look forward to starting off 2010 by jumping back into bible study mode, starting this **Wednesday (January 6th) at 7:00 p.m.**

Elizabeth and I hope you will be as excited as we are about the new series we are starting Wednesday titled:

## The Miracles of Jesus

This is a series of six in-depth studies that connect the Bible to life. The "Deeper Connections" series is written and taught by six different biblical experts who are professors with specialized areas of knowledge. Each week, we will introduce the professor on "The Wednesday Night Post" and let you know what verse of the bible we will be studying the following week. This week we are studying: **Mark 5:21-34** and ask that you **please bring your Bible to group**. If you don't have a bible and need one, please do not hesitate to see either Elizabeth or myself and we will be happy to get you one. This week's lesson will be taught by Dr. Gary Burg.

### Dr. Gary Burge

is a professor of New Testament at Wheaton College in Weaton, Illinois and a sought-after conference speaker. His experiences in Beirut, Lebanon in the early 1970s when civil war broke out have helped him to see how valuable it is to understand the world of the middle East in order to correctly understand the biblical world of Jesus. Gary is the author of many books, including a commentary of the gospel of John.

Each session consists of three components:

1. Historical and cultural background
2. An engaging, close look at the biblical text and its meaning
3. Accurate, encouraging, and challenging applications of the Bible's message to life today.

This in-dept look at the miracles of Jesus will open your eyes to their impact on the lives he touched, what they reveal about God's heart, and their significance for us today.
